

BYOD UPDATE

All Year 7 must return their Acceptable Use Policy document, signed by Parents and students, otherwise student device time and access will be limited.

Laptop storage during Recess and Lunch times - students have the option to store their laptop safely in T1 during break times. However, they must be mindful that:

- Laptops should be taken to T1 at the very start of break times - if Mrs McVea locks/leaves her room before students drop off their devices, they will need to look after them.
- Students should only leave their laptop bags in T1 - the class will not be opened halfway through break times to access school bags.
- Students will need to return to T1 at the first siren after the break to collect their laptops as to not be late for their P3 or P5 classes.

Any questions or concerns please talk to myself or Mrs Brophy.

Jaco Coetzer
Associate Principal
